

Winter symposium
Israel Society of Thrombosis and Hemostasis
February 23-25, 2012, Dead Sea, Israel

Preliminary Timetable

Thursday, February 23, 2012

Session 1

Cancer & Thrombosis

14.00-16.45

14.00-14.30

Prof. Birgergard Gunnar – Sweden

Myeloproliferative disorders – basic and clinical aspects

14.30-14.45

Dr. Papadakis Emmanuel - Greece

Extreme thrombocytosis ($> 1000 \times 10^9 /L$) in 339 patients. a report of a four year experience from a single center

14.45-15.15

Prof. Varon David – Israel -
Haddasah

The role of platelet and their microparticles in tumor invasion

15.15-15.45

Coffee break & Exhibition

15.45-16.15

Dr. Nadir Yona – Israel- Rambam

Heparanase procoagulant activity

16.15-16.45

Prof. Monreal Manuel - Spain

Venous and arterial thrombosis in cancer – epidemiology aspects

Friday, February 24, 2012

7.30-8.30

Meeting the experts

Prof. Monreal Manuel - Spain RIETE registry – how can I join it?

Session 2

Pregnancy & Thrombosis

8.45-10.30

8.45-9.15

Prof. Jean Christophe Gris – France Vascular pregnancy complications

9.15-9.45

Prof. Brenner Benjamin – Israel -
Rambam Pregnancy and malignancy

9.45-10.00

Dr. Papadakis Emmanuel - Greece Oral contraceptive associated thromboembolism. Retrospective analysis of 72 cases. Long term follow up

10.00-10.30

Coffee break & Exhibition

Session 3

Pediatric Thrombosis & Hemorrhage

10.30-12.00

10.30-11.00

Prof. Nowak-Göttl Ulrike -
Germany Pediatric thrombotic complications

11.00-11.15

Prof. Kenet Gili – Israel - Sheba MTHFR and homocysteine in childhood

11.15-11.30

Dr. Solomon Ofira – Israel - Sheba Neonatal thrombocytopenia

11.30-12.00

Prof. Legendre Christophe - France Shifting the paradigm in atypical hemolytic uremic syndrome management

Session 4

Haemostasis

12.00-13.00

12.00-12.15

Dr. Kalish Yosef – Israel - Hadassah Conservation of hemostatic system component function between zebrafish and mammals

12.15-12.30

Prof. Berliner Shlomo– Israel - Ichilov Hemoglobin non recovery following acute coronary syndromes – a marker of poor outcome

12.30-13.00

Dr. Bloom Allan I. – Israel - Hadassah Adjuvant catheter directed fibrinolytic therapy for iliofemoral deep vein thrombosis: A new era?
